**POLICY NUMBER: MRC021B**  
**POLICY TITLE: EXTERNAL TELECOMMUNICATION WIRING**  
**POLICY ADOPTED: AUGUST 15, 2011**  
**POLICY REVIEWED:**  
**POLICY REVISED:**

## **POLICY STATEMENT:**

1. The purpose of this policy is to prohibit cable, dish, TV, telephone and/or electrical circuit wiring on the outside of a unit.
2. All communications wiring after the main internal connection must be within condo unit walls. Likewise, all additional electrical circuit wiring from the main circuit box must be routed internally within condo unit walls. This is referred to as "fishing" the lines behind drywall to an appropriate junction box.
3. Installation under the vinyl siding is **not** permitted.
4. Any installation done after the date of this policy that includes outside wiring is subject to penalties including a \$100.00 a month fine upon notification and legal action to have the co-owner re-route the wires internally at their own expense.
5. It is the responsibility of the co-owner to make certain that installers are in compliance with this policy.
